Substitute a Vegan Veggie Burger for any of these at no additional charge.

Duke admits weakness for **ONLY** the Best.

Ever since I was a kid, I've been accused of wanting only the finest. It drove people crazy. But now my weakness is your strength. You can trust Duke's Chowder House to bring you the best every day. No other restaurant in Puget Sound will go this far. No one cares about what you care about like we do.

Take a look:

100% All natural Clam Chowder. The only one in the world. Not one chemical or preservative. No flavor enhancers. No color enhancers. None of our competitors can make that claim. Not one. Do the research, you'll find it's true. And no one else can beat our Clam Chowder for flavor. It's all in the taste.

Wild Alaska Seafood. All of our Salmon, Halibut, Ling Cod and even the Cod for our Fish & Chips are from the pristine waters of Alaska.

No farmed or "Atlantic" salmon. Don't get me started.

All natural chicken. No hormones. Just chickens allowed to be chickens.

All natural steaks and burgers from Meyer Ranch in Montana. Free of hormones, antibiotics and drugs. 100% Angus Beef.

We cook using oil with zero trans fat. Guaranteed.

Wild Gulf Prawns from the Gulf of Mexico. Plump, juicy and wild...

Wild Fresh Dungeness Crab. Dungeness is simply the best tasting crab on the planet. Don't settle for anything less.

All of our dressings and sauces are homemade. Bleu cheese dressing, tartar sauce, tarragon vinaigrette, rosemary mayo, tarragon mayo, Cioppino base, Hazelnut beurre blanc, Award Winning BBQ sauce and many more.

Tillamook extra sharp cheddar cheese. You may think it's a small distinction between sharp and extra sharp but I assure you that a cheeseburger just isn't a cheeseburger without extra sharp cheddar. And Tillamook has the best.

I could go on and on but I think you get my point. I've always joked that "the best of everything suits me just fine." But at Duke's, it's no joke. No one else will go this far to bring you the best and I intend to keep bringing it your way.

One last thing. Duke's is a casual, comfortable place to eat and that will never change. But don't be deceived that we are casual about what we serve you. Some people talk about quality, we live it... every day. As for value, you just can't match what we do with any of our competitors. I guarantee everything we serve at Duke's. If you don't like it, you don't have to pay for it.

- Duke

Fresh & Wild

DUKE'S CHOWDER HOUSE

We really pride ourselves on our chowder.* It was inspired by my grandfather, John Fitzgerald Cox, who claimed to make the best clam chowder in New England. And I guess he really knew what he was talking about because we've won just about every award a restaurant can win, using his recipe for our rich and tasty chowder. As a matter of fact, for three years in a row, Duke's Chowder House was the unprecedented champion at the Seattle Chowder Cook Off.

I guess I'm a lot like my grandfather. He used to hang out with his pals at the Stonebridge Inn in Fall River, Massachusetts, drink Old Boh Beer and Schenley's Reserve and do a lot of bragging about that chowder... and I haven't been able to stop bragging either... ever since we made our first pot at Duke's over 32 years ago.

Thanks again for coming to Duke's Chowder House!

*from the French word chaudière, a pot. Meaning: cooked in a cauldron
